

Knights Show Support for Life

An army of 18 Knights were joined by an additional 7 Catholic men and women, representing 3 parishes, to show Support for Life during the noon hour on October 26. Simply put, this was God's work in action to show that Life is important and a very precious gift from our Father.

While the group prayed the rosary three times in peaceful prayer outside the Complete Women's Healthcare facility, hundreds of passing motorists on Cleveland Ave witnessed the event. Many motorists showed support by tooting their horn and one Knight counted 26 accounts of the audio support.

If 26 motorists had the courage to show their support for Life, one could imagine that 4 or 5 times that number wanted to show their support but simply didn't know how. And if that number is true, I'll bet another tenfold had thoughtful reminders that abortion really is an abomination and that it is a Scourge on society.
